in this informative volume patricia graham one of america s most esteemed historians of education offers a vibrant history of american education in the last century drawing on a wide array of sources from government reports to colorful anecdotes graham skillfully illustrates americans changing demands for our schools and how schools have responded by providing what critics want though never as completely or as quickly as they would like in 1900 as waves of immigrants arrived the american public wanted schools to

assimilate students into american life combining the basics of english and arithmetic with emphasis on patriotism hard work fair play and honesty in the 1920s the focus shifted from schools serving a national need to serving individual needs education was to help children adjust to life by 1954 the emphasis moved to access particularly for african american children to desegregated classrooms but also access to special programs for the gifted the poor the disabled and non english speakers now americans want achievement for all defined as higher test scores while presenting this intricate history graham introduces us to the passionate educators scholars and journalists who drove particular agendas as well as her own family starting with her immigrant father s first day of school and ending with her own experiences as a teacher invaluable background in the ongoing debate on education in the united states this book offers an insightful look at what the public has sought from its educational institutions what educators have delivered and what remains to be done

the unknown history of american public education at a time when americans are debating the future of public education johann n neem tells the inspiring story of how and why americans built a robust public school system in the decades between the revolution and the civil war it s a story in which ordinary people in towns across the country worked together to form districts and build schoolhouses and reformers sought to expand tax support and give every child a liberal education by the time of the civil war most northern states had made common schools free and many southern states were heading in the same direction americans made schooling a public good yet back then like today americans disagreed over the kind of education needed who should pay for it and how schools should be governed neem explores the history and meaning of these disagreements as americans debated teachers and students went about the daily work of teaching and learning neem takes us into the classrooms of yore so that we may experience public schools from the perspective of the people whose daily lives were most affected by them ultimately neem concludes public schools encouraged a diverse people to see themselves as one nation by studying the origins of america s public schools neem urges us to focus on the defining features of democratic education promoting equality nurturing human beings preparing citizens and fostering civic solidarity

joel spring s american education introduces readers to the historical political social and legal foundations of education and to the profession of teaching in the united states in his signature straightforward and concise approach to describing complex issues spring illuminates events and topics and that are often overlooked or whitewashed giving students the opportunity to engage in critical thinking about education in this edition he looks closely at the global context of education in the u s featuring current information and challenging perspectives with scholarship that is often cited as a primary source students will come away from this clear authoritative text informed on the latest topics issues and data and with a strong knowledge of the forces shaping of the american educational system changes in the 17th edition include new and updated material and statistics on economic theories related to skills education and employability the conflict between a skills approach and cultural diversity political differences regarding education among the

republican democratic libertarian and green parties social mobility and equality of opportunity as related to schooling global migration and student diversity in us schools charter schools and home schooling

this complete guide to american prep schools covers the admissions process financial aid campus life and much more us boarding schools offer superb preparation for college bound students but they re not for everyone american prep is the only comprehensive guide for parents and students interested in exploring applying to and succeeding at these great schools an alumnus of the lawrenceville school and a current prep school parent author ronald mangravite offers insider advice on the admissions process he also cover the history culture and resources of us boarding schools leading readers through the entire prep school experience american prep explains why boarding schools are increasingly valuable in the twenty first centurythe pros and cons of private school vs public schoolhow to select a school that is right for your student and your familyhow to navigate the admission process detailed insider advicethe emotional challenges of prep school for students and familieshow to secure financial aidhow to success on campus

william j reese s history of public schools in america examines why citizens have repeatedly turned to the schools to improve society and how successive generations of reformers have tried to alter the curriculum and teaching practice to achieve their goals organized around two themes education as the means for reforming american society and ongoing reform within the schools themselves this study examines two centuries of american public education it explores school and society in the nineteenth century including public school growth in the antebellum and postbellum eras competing visions of education and reform during the first half of the twentieth century and social change and reform from the 1950s through the 1980s reese emphasizes the centrality of schools in the history of reform and their persistent allegiance to traditional practices and pedagogy despite two centuries of complaint by romantics and progressives he describes tradition as a reliable friend of public schools despite the enormous changes that have occurred over time the centralization of authority professionalization of teaching staff and the expansion of curricular offerings reese s clear and accessible book is an original interpretation of the history of public elementary and secondary schools in america it should become a standard text for future teachers as well as scholars of education

this book is a tight and fresh analysis of the american legal profession and its significance to society and its citizens the book s primary objective is to expose and correct the principal misconceptions myths surrounding prelaw study law school admission law school and the american legal profession itself these issues are vitally important to prelaw advisors and instructors in light of the difficult problems caused by the great recessions of 2008 and 2020 2021 and the disruptions caused by the covid 19 pandemic aimed equally at prelaw advisors and potential law students this book can be used as a supplement in the interdisciplinary undergraduate law related instructional market including courses that cater to majors minors in political science and criminal justice in particular it can also be used in career counselling internships and the extensive paralegal program market new

to the second edition expanded coverage to include paralegal and legal assistant training new material on women and minority law students who are transforming law schools and the profession explores challenges to the legal profession posed by economic recession covid 19 high tuition rates exploding student loan debt internet technological advances and global competitive pressures including legal outsourcing and diy legal services updated data and tables along with all underlying research

despite measured success of american public schools the media politicians and big business attack public schools and their teachers with inaccuracies that threaten the equal opportunities provided by public education research indicates that no child left behind charter schools and vouchers do not improve students learning or help educators teach better the book provide reasons to support american public schools and educators provided by publisher

new york times bestseller an impassioned book laced with anger and indignation about how our public education system scorns so many of our children the new york times book review in 1988 jonathan kozol set off to spend time with children in the american public education system for two years he visited schools in neighborhoods across the country from illinois to washington d c and from new york to san antonio he spoke with teachers principals superintendents and most important children what he found was devastating not only were schools for rich and poor blatantly unequal the gulf between the two extremes was widening and it has widened since the urban schools he visited were overcrowded and understaffed and lacked the basic elements of learning including books and all too often classrooms for the students in savage inequalities kozol delivers a searing examination of the extremes of wealth and poverty and calls into question the reality of equal opportunity in our nation s schools praise for savage inequalities i was unprepared for the horror and shame i felt savage inequalities is a savage indictment everyone should read this important book robert wilson usa today kozol has written a book that must be read by anyone interested in education elizabeth duff philadelphia inquirer the forces of equity have now been joined by a powerful voice kozol has written a searing exposé of the extremes of wealth and poverty in america s school system and the blighting effect on poor children especially those in cities emily mitchell time easily the most passionate and certain to be the most passionately debated book about american education in several years a classic american muckraker with an eloquent prose style kozol offers an old fashioned brand of moral outrage that will affect every reader whose heart has not yet turned to stone entertainment weekly

a guide for newcomers from around the world to help you navigate the challenges of understanding the us school system from pre school through high school written by two internationally known experts in international relocation and education this thorough but user friendly guide is packed with information not found in any other single source full of up to date websites and national and international statistics including the latest average teacher salaries sat scores high school graduation rates and private school tuition fees plus international comparisons that highlight the ways that american school personnel have expectations and practices that you will have to master you will learn a why teachers
